

COVID Guideline for MUM Church and Preschool

In accordance with current CDC recommendations, MUM Preschool and Church is requiring masks to be worn for all MUM Preschool students, staff, and visitors during the 2021-2022 school year.

We are asking families to adhere to this policy for our School Orientations.

***All preschool children and adults attending the Orientation should have a mask or face covering when entering the church building or preschool.**

The MUM COVID Team has also issued safety precautions of continued use of air purifiers and frequent disinfection of high contact school surface, just as they were last school year.

As the school year grows closer, the Preschool Board and COVID Team will be making decisions on any further requirements and guidelines that we may need for the Fall 2021-2022 school year. The decisions will be based on recommendations from the Pa State ED Department, CDC guidelines, and MUM Church COVID Team.

If there are any additional guidelines or restrictions that have been decided on for our school, we will post them on our website and send a letter via email to our families prior to Orientation in September.

We are committed to the health and safety of our students and strive to provide the best educational learning environment. Last year we developed a full COVID Handbook and were able to successfully follow all health guidelines. This handbook is located on our website under school policies for viewing purposed if needed.

We ask our families to keep in mind that the COVID situation is constantly changing and so are the guidelines. We hope that our school can continue to revise our restrictions as the school year moves forward.

We thank-you for supporting our school and look forward to seeing you in the Fall!

If you have any questions or concerns, please contact the Director,
Mrs. Weiler.
